Relax and Recharge

Tuesday, April 9 12:00 PM- 3:00 PM

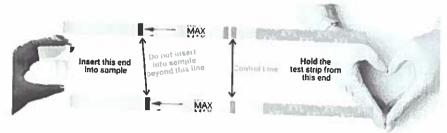

Tewa Roots Society Basecamp in Nambé

(LOCATED RIGHT NEXT TO NAMBÉ WELLNESS CENTER)

all rooted.

XYLAZINE DRUG TEST STRIPS

Two Red Lines: **Negative** for xylazine

One Red Line:

Positive for xylazine

USE CAUTION

WE HAVE TEST STRIPS FOR YOU.....

Xylazine Test Strips Xylazine, commonly known as "tranq," is an animal tranquilizer that has been found in drugs. Xylazine can cause extreme sedation, which increases the risk of overdose, and severe skin wounds. Test strips can help you determine if drugs you plan to use contain xylazine or if you find drugs in

your home. We have a limited supply but more is being ordered based on need, call CHR -505-455-4415 to get your test strips.

FREE Deterra Bags

The Deterra® Drug Deactivation and Disposal System is a safe medication disposal pouch or container that can be used at home or in a clinical setting. It is the safest, most effective choice used to destroy and properly

dispose of unused, unwanted and expired medications with the simple addition of tap water. We have a limited supply but more is being ordered based on need, call CHR -505-455-4415 to get your bag.

Remember to EAT "5" A DAY

Fruits and Veggies and

EXERCISE 150 Minutes per WEEK

We have seen an increase of parents smoking in their house and vehicles, this where your pregnant partner and children breath in the second-hand smoke.

How harmful is secondhand smoke while pregnant?

If you are exposed to second-hand smoke during pregnancy, both you and your baby are put at risk. Some of the health conditions associated with being exposed to second-hand smoke are a miscarriage, low birth weight, early birth, learning or behavioral deficiencies in your child, and Sudden Infant Death Syndrome (SIDS).

How does second hand smoke affect babies?

Children who are exposed to secondhand smoke are at an increased risk for acute respiratory such as pneumonia and bronchitis, middle ear disease, more frequent and severe asthma respiratory symptoms, and slowed lung growth.

Secondhand marijuana smoke contains many of the same toxic and cancer-causing chemicals found in tobacco smoke and contains some of those chemicals in higher amounts.

Please smoke outside!

COMING IN MAY

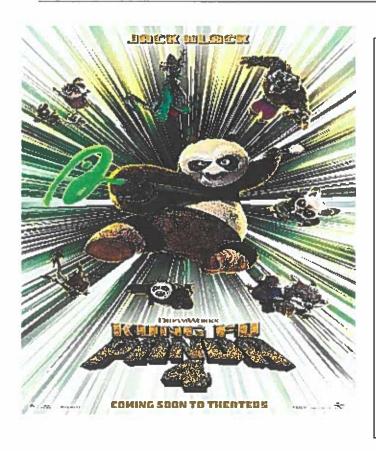

The Wellness Center will be doing weekly drawings every Monday (6,13,20,27). You will earn one drawing ticket for each day you come in and exercise up to 6 tickets per week. One winner will be picked and we will have it Live on Facebook.

RECOGNIZE YOUR 2024 GRADUATES!

If you have a loved one who is graduating this year (high school or college) and would like for them to be recognized in our community newsletter, please send your congratulatory note, along with a photo of your graduate, to educationcoordinator@nambepueblo.org by May 6, 2024!

Native American Scholarship Program

New Mexico Gas Company's annual **Native American Scholarship Program** (**NASP**) provides financial assistance to support post-secondary education for Native American students in New Mexico who demonstrate a desire to engage in their future through continuing education.

What sets this program apart is that NASP assists students in pursuit of certification from a trade school or specialized technical training associated with a license or certificate, in addition to an associate, bachelor's, or master's degree. Funds are awarded directly to the recipient and can be used for any education-related expenses.

There are 20 initial or renewal scholarships of \$3,000 each available. Applications for this year's scholarships will be accepted **April 1 to May 3, 2024.**

Use the camera on your phone to open the NASP application with this QR code.

For more information, visit

www.nmgco.com/en/native_american_scholarship_program or e-mail questions to nasp@nmgco.com.

Native Education Forum

DATE: Monday June 3 - Friday June 7, 2024

LOCATION: Colorado State University - Fort Collins, CO

The Native Education Forum is a five-day intensive summer program, occurring on campus, for students completing their junior year of high school. In this program, students will gain valuable knowledge in the university application process and research issues critical to Native American/Indigenous communities. Students who participate in the Native Education Forum earn one free CSU credit hour and may be eligible to receive the Partnership Award to attend Colorado State University.

If you would like to apply to participate in NEF, scan the QR code below:

If you have questions, please contact NACC's director at: tyrone.smith@colostate.edu

The Native American Legacy Award Program

Through the Native American Legacy Award (NALA) program, Native American students who live outside of Colorado may be eligible for various tuition adjustments and financial aid based on tribal affiliation.

NALA - IN-STATE TUITION

Enrolled citizens of state or federally recognized tribes or biological children of tribally enrolled citizens can receive in-state tuition if you meet certain eligible requirements.

Eligibility:

- Enrolled citizens of a state or federally recognized tribe or provide proof that a biological parent is an enrolled member of a state or federally recognized tribe.
- · Non-residents of Colorado.
- Seeking a degree on CSU's main campus (CSU Online students are not eligible).
- Able to attend the Community for Excellence (C4E) Fall Academic Summit.

*Students who are not enrolled in a tribe, and who do not have a parent enrolled in a tribe, may qualify if they demonstrate a blood quantum of one-half Native American ancestry. This quantum does not necessarily need to be of one tribe, but of all tribes combined, from recognized tribes under this policy.

NALA - RESIDENCY STATUS

Enrolled citizens of tribes with historical ties to Colorado (see list of 48 tribes) are eligible for Colorado residency status based on Colorado state law. Qualified students are eligible for 1) in-state tuition rates and 2) additional financial aid (state and institutional funds).

Eligibility:

- Enrolled citizen of a federally recognized tribe with historical ties to Colorado according to the Colorado American Indian Tribes In-State Tuition Act. (see list of 48 tribes)
- · Non-residents of Colorado.
- Seeking a degree on CSU's main campus (CSU Online students are not eligible).
- Able to attend the Community for Excellence (C4E) Fall Academic Summit.

Program Limitations:

Please contact the Office of Financial Aid for more information as other limitations may apply.

Note: The Native American Legacy Award cannot be combined with the Western Undergraduate Exchange (WUE) award, Yellow Ribbon Award, GI Promise, or HB 15-1294 GI Benefits. If you receive more than one of these awards, the one that benefits you the most will remain and the others will be canceled.

CONTACT: Office of Admissions admissions@colostate.edu | (970) 491-6909

DEPARTMENT OF VETERANS AFFAIRS Loan Guaranty/NADL 3333 North Central Avenue Phoenix, Arizona 85012

April 01, 2024

Pueblo of Nambe, New Mexico Attn: NATHANIEL PORTER 15-A NP 102 WEST SANTA FE, NM 87506

Thank you for Your Participation in the Program

Dear NATHANIEL PORTER:

The Department of Veterans Affairs (VA) would like to thank you for your participation in our **Native American Direct Loan (NADL) Program**.

Our records indicate that Veterans within your tribe have not used loans from the NADL Program. VA would like to promote awareness of the NADL Program so all interested Veterans can participate.

NADL helps eligible Native American Veterans obtain home loan financing to **purchase**, **construct**, **or improve homes on Federal Trust Land** or to refinance an existing Native American Direct Loan to reduce the interest rate.

Below are some of the benefits of a Native American Direct Loan:

	VA is the lender
(3)	Minimal closing costs
PMI	No private mortgage insurance
	VA offers a low interest rate of 2.5% with loan terms up to 30 years
100%	Up to 100% loan to value

This re-usable benefit gives Native American Veterans the opportunity of home ownership and frees up tribal funding to be used in other areas

Veterans who are interested in applying for a VA direct home loan can contact our NADL team. A member of our team will be assigned to assist the interested Veteran to provide a comprehensive overview of the loan process and be available to assist throughout the Veteran's homeownership journey. Our team is dedicated to making homeownership on Trust Land a reality for Native Veterans and to make the process as smooth and simple as possible.

We appreciate your partnership and efforts in delivering NADL benefits to Veterans and their families. Our continued collaboration will help make the dream of homeownership a reality.

If you need assistance or have additional questions, please call 1-888-349-7541 or email NADL@va.gov.

Sincerely,

Native American Direct Loan Team

EMBARGOED UNTIL RELEASED BY VA AT ON MARCH 29

FOR IMMEDIATE RELEASE March 29, 2024

400,000+ Veterans have enrolled in VA health care over past 365 days, a 30% increase over last year

This historic enrollment has been driven by the bipartisan PACT Act, which President Biden signed into law as a part of his Unity Agenda for the nation. New enrollees increased in all 50 states year-over-year.

WASHINGTON, DC – Today, the Department of Veterans Affairs announced that it has enrolled 401,006 Veterans in VA health care over the past 365 days – 30% more than the 307,831 it enrolled the previous year. This is the most yearly enrollees in at least the past five years at VA, and nearly a 50% increase over pandemic-level enrollment in 2020.

The number of new enrollees increased in all 50 states year-over-year. The states with the most new enrollees over the past year include Texas (41,287 Veterans), California (33,468) Florida (32,712), Virginia (20,537), North Carolina (17,562), Pennsylvania (16,167), Georgia (15,747), Ohio (12,717), Washington (11,873), Illinois (10,167), Colorado (10,028), Arizona (9,789), Tennessee (9,584), and Michigan (9,294).

This historic enrollment has been made possible by the bipartisan PACT Act – signed into law by President Biden as a part of his Unity Agenda for the nation – which has allowed VA to <u>expand VA health care</u> and <u>benefits</u> to millions of Veterans. VA is also conducting the most aggressive outreach campaign in its history, including hosting over 2,600 events since the passage of the PACT Act, launching a \$16+ million <u>advertising campaign</u>, using <u>public service announcements</u>, and – for the first time ever – sending text messages to Veterans encouraging them to enroll in VA health care. VA is continuing these aggressive outreach efforts throughout 2024, with more than 550 in-person events already scheduled for this year.

Enrolling Veterans in health care is a top priority for VA and the entire Biden-Harris Administration because VA has proven to be the best care in America for Veterans. Veterans who receive VA health care have better health outcomes than non-enrolled Veterans, and VA hospitals have dramatically outperformed non-VA hospitals in <u>overall quality ratings</u> and <u>patient satisfaction ratings</u>. Additionally, VA health care is often <u>more affordable</u> than non-VA health care for Veterans. Today, VA is delivering more care and more benefits to more Veterans than ever before in our nation's history, setting <u>an all-time record for health care appointments provided in 2023.</u>

"We want every eligible Veteran to enroll in VA health care for one simple reason: Veterans who come to VA are proven to have better health outcomes – and pay less – than Veterans who don't," said VA Secretary Denis McDonough. "That's why we've spent the past year meeting Veterans where they are – hosting thousands of events, sending millions of texts, advertising on every corner, and much more – to get them to come to VA. This aggressive outreach campaign

has led more Veterans to enroll in VA care than during any year in at least a decade, and we're not slowing down now."

"VA is the best, most affordable care in America for Veterans, so we want all eligible Veterans to enroll today," said VA Under Secretary for Health Shereef Elnahal, M.D. "Our clinicians know Veterans – they often are Veterans – and they know exactly how to help. Even if you don't need this care today, you might need it tomorrow, or the next day, or 30 years from now. It's quick and easy to apply, and once you're in, you have access for life."

Under the PACT Act, VA has also upgraded the health care <u>priority groups</u> for 693,962 Veterans over the past year – meaning that many of those Veterans are now paying lower copays. Since the PACT Act was passed into law, VA has upgraded the priority groups of more than 746,500 Veterans.

VA recently expanded health care eligibility for millions of Veterans nationwide, years earlier than called for by the PACT Act. As of March 5th, all Veterans who were exposed to toxins and other hazards while serving in the military and meet certain requirements became eligible to enroll directly in VA health care. This means that all Veterans who served in the Vietnam War, the Gulf War, Iraq, Afghanistan, the Global War on Terror, or any other combat zone after 9/11 will be eligible to enroll directly in VA health care without first applying for VA benefits. Additionally, Veterans who never deployed but were exposed to toxins or hazards while training or on active duty in the United States will also be eligible to enroll. VA also recently expanded health care to all World War II Veterans.

VA is able to serve these new enrollees, in part, due to last year's record hiring in VA's Veterans Health Administration. Last year, we exceeded our hiring goals in the Veterans Health Administration – growing at the fastest rate in 15 years and bringing in more than 61,000 new hires – to prepare for an increase in VA health care enrollment among Veterans under the PACT Act. In total, VHA now has more employees than ever before in our history, and VA's retention efforts also led to a 20% decrease in turnover rate among VHA employees from 2022 to 2023.

Moving forward, VA will continue to aggressively reach out to Veterans to encourage them to come to VA. VA encourages all Veterans, family members, caregivers, and survivors to <u>learn more about VA</u> and apply for their world-class <u>health care</u> and <u>earned benefits</u> today.

For more information about VA care, visit <u>VA's health care website</u>. For more information about the impact of the PACT Act, visit <u>VA's PACT Act dashboard.</u>
