**PROPOSAL VALIDITY:** The proposal/pricing should be valid for 90 days from the proposal due date.

**CONTRACT PERIOD:** 5 months

**PROJECT DESCRIPTION:**

The Pueblo of Nambe needs an efficient broadband network to increase opportunities and decrease the existing digital divide, a critical determinant of health. The project will consist of installing fiber to approximately 250 homes and 12 community anchored institutions; installation may require underground and overhead construction.

## **PROJECT REQUIREMENTS:**

1. Map and install fiber to approximately 250 homes and 12 community anchored institutions in accordance with applicable industry and Pueblo standards and requirements.
2. Map and install a 7-way FuturePath.
3. Provide GIS mapping of the network in KMZ file format compatible with standard GIS platforms.
4. Provide a final performance and project completion report summarizing all work performed, as-built conditions, and any other relevant project documentation.

## **PROPOSAL REQUIREMENTS:**

Proposals must contain the following component. Proposals may also include additional information or materials such as website information, brochures, portfolios, etc.

1. RFP Proposal Submission Form (see website)
2. Portfolio of previous projects
3. Proof of qualifications

## **PROPOSAL SELECTION:**

The Pueblo of Nambe reserves the right to determine overall what best suits the Pueblo's objectives and best interest regarding the Project and to reject bids and re-bid the Project. Proposals will be selected based on a comprehensive review of the following:

- Demonstrated project experience and skills
- Capabilities of key project staff
- Experience working with Native American tribes or Pueblos
- Experience working with broadband network development
- Proposed scope of work
- Proposed timelines
- Proposed deliverables
- Project budget
- Client references
- Conflicts of interest
- Small, Minority, Women, Disabled, Veteran, and Native American owned entity
